Role(s)	Secretary IT Administrator
How did I get involved in Twirling	<p>I have been involved with twirling in Scotland since 1980. Was an amateur photographer and twirling being another subject to photograph. Crookston Castle was the local twirlers where Irene and David Wood taught.</p> <p>In 1981, drove through France to Nice and my first World championships. Still remember the beach parties with that crazy lot from Scotland. From then I was hooked.</p> <p>The world championships 2014 in England was brilliant fun with a great team.</p>
Most memorable twirling occasion	Too many to mention. Perth 1988, Japan 2004, England 2014.
Interesting fact about me	Got my nail painted at new year. Nice shade of purple.
